Mr. Michael K. Powell

(M)

Chairman

Federal Communication Commission

445 12 St NE

Washington, D.C.

02-277

Dear Mr. Powell,

Please do not allow the broadcast
ownership rules that prevent media
monopolies or else independent
media necessary the U.S. could be snuffed
out by the huge media corporations.

Whole communities, nations, states
and regions could be dominated by one media
company which could decide what is
to allow on the air and what to censor.

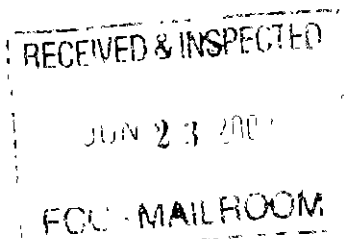

These proposed rule changes would
give big media conglomerates greater
power to keep opposing voices off the
air and out of the newspapers keeping
the public in the dark.

Many of those fighting for these rule
changes have been the very ones that tend
to keep you away from the air, the past.

Do what you can to keep America
free.

Sincerely,
David L. L. L.

Federal Communications Commission
Commissioner Michael Copps
445 12th St SW
Washington, D C 20554

Dear Commissioner Copps

Thank you for trying to protect our nation's democracy by bringing to light the rule changes Chairman Powell has enacted. I agree with the opinion that placing our media outlets in the hands of the few and wealthy will destroy all American's right to diverse, fair, and factual information. It must be extremely frustrating to work in the current Administration's environment.

Please inform me of the people to be contacted in order to encourage reversal of the 6 new rule changes enacted by Powell. Your efforts are appreciated.

Sincerely,

Janet L. Blanchard M D

CONGLOMERATES...!!?

What do you think we are - stupid?!?

Oh - there's no words to describe the
feelings of betrayal you wrought
on the American People .
